

Athletic Trainers' Osteoarthritis Consortium (ATOAC)
*3rd Annual Meeting at the
 National Athletic Trainers' Association Clinical Symposia & AT Expo*

Date: Tuesday, June 23, 2015

Time: 8:00AM to 12:00PM

Room: TBA

8:00AM	Introductions	
8:15AM	Update on ATOAC Activities	
8:30AM	Acute Changes in Serum Biomarkers of Cartilage Turnover Following ACL Injury: Preliminary Findings from a Prospective Study	Kenneth Cameron, PhD, MPH, ATC John A. Feagin Jr. Sports Medicine Fellowship
8:45AM	Biomarker Changes After a Running Bout Among Individuals with a History of Acute Knee Injury	Nicole Cattano, PhD, ATC West Chester University of Pennsylvania
9:00AM	Walking Speed as a Potential Indicator of Cartilage Breakdown Following Anterior Cruciate Ligament Reconstruction	Brian Pietrosimone, PhD, ATC University of North Carolina at Chapel Hill
9:15AM	Determining the Temporal Changes in Neural Quadriceps Function After Anterior Cruciate Ligament Reconstruction	Conrad Gabler, MS, LAT, ATC University of Kentucky
9:30AM	Hip Strength Compensations in ACL Reconstructed Individuals with Quadriceps Deficits	David Bell, PhD, ATC The University of Wisconsin Madison
9:45AM	Quadriceps Strength is Associated with Self-Reported Function in Arthroscopic Partial Meniscectomy Patients	Michelle McLeod, PhD, ATC, PES College of Charleston
10:00AM	Short Break	
10:20AM	Characterizing Accelerated Knee Osteoarthritis	Jeffrey Driban, PhD, ATC, CSCS Tufts Medical Center
10:35AM	Public Health Approach to Osteoarthritis	Jennie Hootman, PhD, ATC, FACSM, FNATA Centers for Disease Control and Prevention
10:50AM	Open Discussion – ATOAC Going Forward	
11:30AM	ATOAC OA Consensus Statement	Riann Palmieri-Smith, PhD, ATC University of Michigan
12:00PM	Leave for Lunch (Location TBD)
